Welcome to
the Youth
and Educational
Center
St. Arbogast.

We offer you
our hospitality,
a free space
in our hectic
world full of
appointments –
a place to catch
your breath.

The good life. St. Arbogast is an oasis, a place of encounter, of learning and of culture. Located in the center of the Austrian part of the Rhine Valley and surrounded by the most stunning scenery, St. Arbogast provides the type of relaxed atmosphere which makes it easy for people to share and learn, and to inspire each other in meaningful ways. St. Arbogast offers courses in the fields of spirituality, meaning-oriented life, and

social policy. Providing up-to-date infrastructure and lodgings, the St. Arbogast team caters to the participants with authentic hospitality and organic slow-food cuisine, thus making St. Arbogast a great venue for seminars and training programs of businesses and other organizations.

arbogast

*I do enjoy remoteness, yet I want to be close to life ...
St. Arbogast provides me with both in a balanced way.*
Günter Funke

In our work we have trust in the presence of God's spirit, which is our source of inspiration, of creativity and innovation.

Our main building is marked by its spaciousness, openness, and transparency. On the ground floor there are communal areas such as the reception, the cafeteria, the dining room, and the lobby. The upper floor is dedicated to education - 7 seminar, breakout and work rooms of varied sizes provide our guests with everything they need to work with their minds as well as with their hands.

The chapel building offers further rooms for seminars; several breakout rooms, clubrooms, and a meditative relaxation room are located in the guesthouses. To cater to our young guests we have a playroom for the children and a games room for the teenagers. Up-to-date single and twin rooms (114 beds) in three guesthouses contribute to making your time in St. Arbogast an enjoyable time-out.

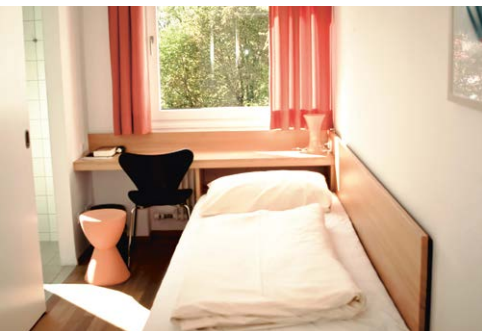

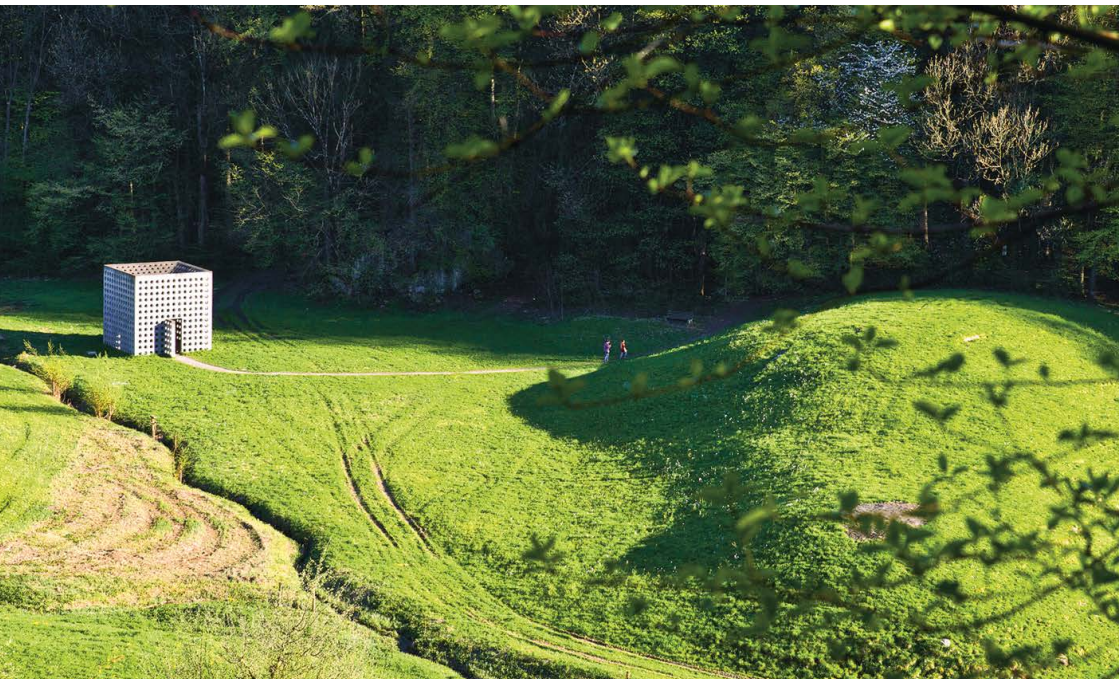

The space to create new ideas. In St. Arbogast you can really focus on your goal.

It goes without saying that we provide traditional as well as modern audiovisual technological equipment, including WIFI. Should you have any organizational or technical questions and/or problems you can count on the assistance and commitment of our experienced and flexible team members.

We act. As an institution St. Arbogast is ecology-minded in many respects. We rely on energy-saving technologies, such as solar, biomass, and waste heat; we use water-saving appliances; we utilize rainwater; we buy our food locally and from organic farmers; we promote environment-friendly mobility; we avoid waste wherever we can; we practice natural gardening, etc...

To find out more about us and about our values, please check www.arbogast.at
